CLS Adds to its Platform with Uintah (UELS)

Darin Hittle, CEO of Contract Land Staff (CLS), a leading provider of Land Management and Consulting Services in North America, is proud to announce that Uintah Engineering & Land Surveying (UELS) has been added to the CLS Companies platform. Tracy Henline, Chief Executive Officer, and his management team will continue to lead the Uintah organization, providing strategic leadership and oversight to the Uintah business.

“We are excited to welcome the Uintah team, partners, and customers to the CLS platform,” said Darin Hittle. “Uintah is a great addition to our growth strategy. Uintah’s top of class reputation and service expertise throughout the United States is in lockstep with CLS’s culture and strategic execution plan. Tracy and his team’s passion for excellence will enhance our combined market offering.”

Tracy Henline states, “We look forward to this next phase for our team here at Uintah. The additional partnering and market diversification opportunities CLS will bring to the table mirror our vision of where we want to go. I am confident, working closely with the CLS team, we’ll continue to deliver excellence to our customers and our staff.”

About the CLS Companies

Founded in 1985, CLS is the nation’s largest network of land service companies, delivering integrated Land Services and Sciences solutions to support and sustain the environment and critical infrastructure. Our services include right of way acquisition, civil and environmental surveying, cultural resource management, civil engineering and design, environmental planning, and real estate administration. We are dedicated to developing strong, lasting relationships with utilities, cooperatives, and electric companies; renewable developers; energy and pipeline companies; telecommunications providers; and federal and state agencies, counties, cities, and communities where we live and work. The CLS brands include CLS, Keystone, Tierra, Paragon, EPIC, SEARCH, AAG, and EP Ferris, combining local expertise with national reach to deliver results that matter.
